Dear Parents

We are continuing to try to reduce the “paper war-fare” that is required in you giving permission for your child/children to be involved in various school activities. Our aim is to include a number of whole school activities on the one note so that we do not continually have to distribute notes throughout the year.

Outlined below is the list of activities and a small description of each so that you have a clear understanding of what is involved. We ask that for each activity, you tick yes, if you give permission, no if you don't or N/A if that activity is not applicable to your child.

Be assured that all of these activities are undertaken with appropriate supervision. Please ensure that you complete a form for each of your children and that you return these notes to the classroom teacher by Tuesday 6th February. Without this permission, students will be unable to participate in the listed events.
